OPPOSITION TO COMPLAINT

Comcast Cable Communications, LLC, on behalf of its subsidiaries and affiliates (“Comcast,” or the “Company”), hereby opposes the above-captioned must carry complaint (“Complaint”) filed by Bellizzi Broadcasting Network, Inc. (“Bellizzi”), licensee of analog low power television station WEYW-LP (Channel 19), Key West, Florida (“WEYW” or the “Station”). The Complaint seeks carriage on Comcast’s Key West, Florida cable system, which serves the community of Key West, as well as other communities located in Monroe County, Florida. The Complaint must be denied because WEYW is not a “qualified” low power television station for must carry purposes with respect to Comcast’s Key West cable system.

I. THE STATION IS NOT A “QUALIFIED” LOW POWER TELEVISION STATION

The Communications Act of 1934, as amended (the “Act”), and the Commission’s implementing rules require low power television stations (“LPTVs”) such as WEYW to meet a specific set of criteria to qualify for must carry status.¹ Of particular relevance here, LPTV

¹ See 47 U.S.C. § 534(h)(2); 47 C.F.R. § 76.55(d).

stations have no must carry rights in cable communities already served by a full power broadcast television station. Section 614(h)(2)(F) of the Act clearly provides that LPTV stations are eligible for must carry “*only* if . . . there is no full power television broadcast station licensed to any community within the county or other political subdivision (of a State) served by the cable system.”²

In this case, WEYW is not a “qualified” LPTV station for must carry purposes because there are *two* full power broadcast television stations licensed to Key West, Florida (WGEN-TV and WSBS-TV).³ Key West is located in Monroe County, Florida, as is Comcast’s Key West cable system and each of the communities served by that system. Accordingly, WEYW plainly does not meet the requirements of a “qualified” LPTV under Section 614(h)(2)(F) of the Act and Section 76.55(d)(6) of the Commission’s rules.

Bellizzi does not dispute the existence of the above-referenced full power stations.⁴ Nor does it identify any basis *under the statute* for the Commission to disregard the local presence of full power stations WGEN-TV and WSBS-TV.⁵ Rather, Bellizzi argues that the Commission should ignore the clear statutory directive that LPTV stations do not qualify for must carry in communities already served by a full power station, on the grounds that full power stations WGEN-TV and WSBS-TV broadcast Spanish-language programming.⁶ That fact, of course, has

² 47 U.S.C. § 534(h)(2)(F) (emphasis added); *see also* 47 C.F.R. § 76.55(d)(6).

³ *See* Exhibit 1. Although not essential to the statutory analysis, both of these full power stations are currently carried on Comcast’s Key West cable system. *See* Exhibit 2.

⁴ *See, e.g.*, Complaint at ¶¶ 15-17.

⁵ Because Bellizzi’s Complaint fails, as a threshold matter, under Section 614(h)(2)(F), there is no need for the Commission to consider the other factors set forth in Section 614(h)(2), much less the various irrelevant assertions in the declaration that is appended to the Complaint.

⁶ *See* Complaint at ¶ 5 (“WEYW does not believe that the inquiry should end” with the determination that there are full power licensees in Monroe County.).

no relevance under the governing statute, and to consider it would pile constitutional error on top of statutory error.⁷

Bellizzi's Complaint effectively asks the Commission to waive the requirements mandated by Section 614(h)(2)(F) – which the Commission cannot do. Indeed, the Commission has previously rejected another station's attempt to gain must carry status as a "qualified" LPTV station despite the existence of a local full power broadcast station, stating:

The criteria for a qualified LPTV, as set forth in the Commission's rules, are mandated by Section 614(h)(2) of the 1992 Cable Act. While the Commission may waive its own rules in certain circumstances, ***it may not waive any part of the statutory definition of a qualified LPTV.***⁸

In short, Bellizzi does not meet the statutory criteria that must be met for WEYW to be considered a "qualified" LPTV station for must carry purposes and the Commission must, therefore, reject Bellizzi's arguments and deny the Complaint.

⁷ The Supreme Court determined long ago that cable operators are protected by the First Amendment. "There can be no disagreement on an initial premise: *Cable programmers and cable operators* engage in and transmit speech, and they *are entitled to the protection of the speech and press provisions of the First Amendment.*" *Turner Broadcast Sys., Inc. v. FCC*, 512 U.S. 622, 636 (1994) ("*Turner I*") (citation omitted; emphasis added). The Supreme Court expressly reserved judgment on the constitutionality of must carry for low power television because it "appears to single out certain low-power broadcasters for special benefits on the basis of content." *Id.* at 644 n.6. Here, Bellizzi presses for a detailed FCC evaluation of content available on low power WEYW as compared to that available on the two full power stations licensed to Key West, *see* Complaint ¶¶ 12-18, which would be decidedly inconsistent with the Supreme Court's reliance on *content neutrality* as a basis for upholding must carry for full power broadcasters. *See Turner I*, 512 U.S. at 644; *see also Turner Broad. Sys., Inc. v. FCC*, 520 U.S. 180, 217-218 (1997).

⁸ *See, e.g., Complaint of Washington County Television, Inc. against DR Partners, d/b/a Donrey Cablevision*, 10 FCC Rcd. 3766, ¶ 3 (1995)(emphasis added).

II. CONCLUSION

For the foregoing reasons, Comcast respectfully requests that the Commission issue an order denying Bellizzi's must carry complaint, as WEYW plainly is not a "qualified" low power television broadcast station.

Respectfully submitted,

Comcast Cable Communications, LLC
on behalf of its subsidiaries and affiliates
